considerers from diabetes in the United States to-day, and the number of cases of kidney disease, high blood pressure and arteriosclerosis is much greater. This class of diseases has been of the least understood and most neglected in medical science, but the investigation of Dr. Allen and of Dr. F. P. Joslyn of Boston, a brought great advances in knowledge and treatment.

At the formal opening of the Institute yesterday papers were read by both Dr. Allen and Dr. Joslyn. The other speakers were Dr. Henry S. Pritchett, president of the Carnegle Foundation, and Dr. David C. English editor of the New Jersey Medical Journal.

And good for 50 years

Yes-this is a low price for a steel cabinet possessing the Allsteel features of strength and utility.

To make sure that it was worthy of the Allsteel name, it was put to a test which proved its endurance and sound construction to a certainty.

A heavily loaded drawer was opened and closed 100,000 times-the equivalent of 50 years' actual use-and was still in good, smooth working order.

Maybe it is good for 100 years, but let your grandsons find that out.

Let us show you by some astounding demonstrations what GF Allsteel means in strength, rigidity, and endurance. Stop in or telephone.

From RING W. LARDNER **WILLIAM FOX:**

Great Neck, Long's Island, April 23d

Dear Mr. Fox:

Well I seen the Queen of Sheba and got a good laugh when Solomon showed the 10 commandments to his 4 yr. old kid David and told him to never break none of them as I have also got a son David that ain't only 2 yrs. old and has all ready man handled the most of them and beat No. 5 into a state of torpor. And if Solomon was such a wise cracker why didn't he marry the Sheba gal which would of give him another \$1000 personal exemption makeing a total of \$1,001,000 off for wifes alone and from what I seen of her he could of went without camels a couple of days and kept her in clothes for a yr. But all and all you got a swell picture Mr. Fox and it looks to me like more people would read the good book if Virginia Tracy had wrote all of it.

Yrs and etc.

BARKER'S FOR THE HAIR

Advertiser's Dollar Now Worth \$1.66 in The New York Herald

The present general advertising contract rate in The New York Herald averages 40% less and the net paid circulation is greater than The Herald and the Morning Sun combined when amalgamated February 1, 1920.

Another way of figuring it is that the advertiser gets more circulation for 40% less cost.

In what other Metropolitan newspaper can advertising space be purchased to-day at a lower rate per line per thousand than in January, 1920? Certainly not in New York.

In the balance of the New York Morning Newspaper field the advertiser's dollar is now worth about 87 cents on the same basis of comparison.
